ERICKSON 

OFF-SHORE CAPABILITIES

Delivering medium-range crew change, cargo transport and SAR Services to rigs, platforms and vessels throughout the world, Erickson provides safety and operations expertise. Erickson understands the challenges of working in difficult environments and because of those unique hazards and challenges, Erickson selects and trains crews that are capable of minimizing down time while maximizing aircraft utilization and customer service.

ON-SHORE OFF-SHORE DOMESTIC AND INT'L OPERATIONS

People: Experienced, well-trained crews that help establish our trusted teams. We are also respectful of working in and with other cultures and mindful of the importance of quality joint ventures and business partners.

Aircraft and In Country Air Support: We have a diverse fleet we can tailor to your mission requirements and we specialize in maintaining and servicing our aircraft in remote and austere environments to further enhance our ORR. Our fixed wing capabilities allow us to fly from major airports to small airstrips and heliports.
