### DEFENSE & NATIONAL SECURITY

Erickson executes sophisticated solutions to ensure safe, mission-specific performance across the globe, operating in dynamic conditions with capable crews and vertically integrated mechanical support. Erickson flies, builds, and repairs aircraft for the U.S. Military for no-fail missions.

### CIVIL AVIATION SERVICES

From the top of a skyscraper to the middle of a forest. We lift and place—to build towns, protect property, and make the world a better place. We perform jobs in places people may never have heard of and conduct work that is often taken for granted.

### AEROSYSTEMS: MANUFACTURING & MRO

From governments operating aircraft to OEMs requiring supplemental support, we sell, innovate and supply low volume, high quality, mission-critical components for the world's toughest jobs.

## OUR MISSION

To operate, maintain, and manufacture utility aircraft for the safe transportation of people and cargo around the world. We are multifaceted and self-reliant in remote locations under challenging circumstances.

## OUR VISION

To save lives, protect property, and build thriving communities to make the world a better place.

## COMPANY CORE VALUES

**SAFETY** | Above all else

**TEAMWORK** | Trust, cohesion, strategically aligned and clarity

**TENACITY** | Passion, energy, commitment, results-driven, innovative and continually improving

**INTEGRITY** | Accountable and responsible

**RELIABILITY** | Efficient and disciplined

**SELFLESS SERVICE & DUTY** | Service-oriented to the company, mission, employees and customers

# OUR STRATEGIC FLEET

Our diverse fleet of 50+ rotor and fixed-wing aircraft equips us to provide complete airlift solutions; our operations are nimble, and our fleet expands to add new platforms based on current contract requirements. We align each mission with the required aircraft and crew.

Never limited by its current fleet mix, Erickson will craft aviation fleet solutions to meet customer requirements.
