REDUCTION
FOR PILOTS

PROVIDES
NEW
MISSION
CAPABILITIES

WHO DOES IT BENEFIT?

PILOTS, OPERATORS & REGULATORS

- ✓ Enhanced Safety & Situational Awareness
- ✓ Faster Training & Easier to Operate
- ✓ Provides Operational Data Insight
- ✓ Enables More Focus on the Mission

FIRE AGENCIES & FIREFIGHTERS

- ✓ Rapid Response & Execution in Poor Visibility
- ✓ Full Heavy-lift Performance throughout the Night
- ✓ Increased Control & Precision Deployment
- ✓ Real-Time Fire Surveillance Data

UTILITY OPERATORS

- ✓ Largely Automate the Construction Process
- ✓ Reduced Timelines & Environmental Impact
- ✓ Enhanced Crew Safety
- ✓ Advanced Operations for Precision Placement & Increased Productivity

GOVERNMENT AGENCIES & MILITARY

- ✓ New Intelligent Mission Capabilities for Heavy Helicopter Vertical Lift
- ✓ Deployed Globally with Rich Heritage in Austere Environments
- ✓ Unique Airframe Providing Customized Applications & Pilot-optional Missions

ADVANCED TECHNOLOGY CRAFTED TO ENHANCE SAFETY AND ENABLE FUTURE MISSIONS
