- MISSION SUPPORT
- FIXED-WING AND ROTARY-WING OPERATIONS
- LEGACY FLEET SUSTAINMENT

SAFETY & CERTIFICATIONS

- FAA PART 133, 135, 137, 145
- 133 CLASS D
- CARB APPROVED
- CERTIFIED QMS
- DCMA COMPLIANT

WARFIGHTER CENTRIC

Mission success is achieved with Erickson's safe and focused crews. One of four employees is a military veteran, which adds to our capability and performance for our customers.

EXPERIENCED & QUALIFIED

Whether we are repairing or modifying customer aircraft or our own, we deploy reliable aircraft around the world. With the acquisition of Evergreen Helicopters in 2013, Erickson continues a legacy of supporting the Department of Defense that began in 1960.

Erickson's Defense & National Security team specializes in legacy fleet sustainment, and CARB approved air operations of both fixed-wing and rotary-wing aircraft.

Our capabilities extend to several platform types, including: Bell 214ST, S-64 Air Crane, CH/MH-53, H225 Super Puma, UH-60, UH-1, AH-1 and more!

WE ARE ERICKSON. TESTED AND TRUSTED®.

DEFENSE ENGINEERING, MAINTENANCE REPAIR & OVERHAUL

AIR OPERATIONS

Supporting your mission with agile and reliable aerial solutions.

Erickson offers a robust number of aviation solutions to complete critical missions for our defense and national security customers. Coupled with a sophisticated logistical support system and adaptable crews, Erickson is uniquely capable of meeting the dynamic and ever-changing demands of the global tactical environments.

Missions include external load, shipboard delivery, troop-transport, Low Cost/Low Altitude (LCLA) airdrops, Short Takeoff and Landing (STOL), MEDEVAC/CASEVAC, and Night Vision Goggle operations. Our aircraft can be configured with special mission equipment, including: Rescue Hoist, Ballistic Protection, and Cargo Roller Systems.
